

## Big Brothers Big Sisters of Central Arizona

Our mission is to help children realize their potential through professionally supported one-to-one relationships with volunteers who care about them.

Our vision is to contribute to a healthier and stronger community by providing children with mentors who help them succeed in life.

### Our Programs Work

National research shows that positive relationships between youth and their Big Brother and Big Sister mentors have a direct and measurable impact on children's lives. By participating in our youth mentoring programs, Little Brothers and Sisters are:

- 52% less likely than their peers to skip a day of school
- 46% less likely than their peers to start using illegal drugs
- 27% less likely to start drinking alcohol
- More confident of their schoolwork performance
- Able to get along better with their families
